

Veterans Preference

The City of Derby recognizes the enormous contributions of men and women who have served their country in uniform. As a veteran of the Armed Services, you may be entitled to preference when seeking employment as a police officer with the City of Derby.

Why Preference is Given?

In recognition of the sacrifices made by those serving in the Armed Forces, the State of Kansas enacted laws to prevent veterans seeking public employment from being penalized because of time spent in military service. Veterans' preference recognizes the economic loss suffered by citizens who have served their country in uniform, restores veterans to a favorable competitive position for Government employment and acknowledges the obligation owed to disabled veterans. Veterans' preference is not so much as a reward for being in uniform as it is a way to help make up for the economic loss suffered by those who answered the nation's call to arms.

When is Veterans' Preference Given?

Each eligible veteran who meets the requirements for a vacant police officer position shall be offered an opportunity to test for that vacancy when all of the following conditions are met:

1. The military service member was not dismissed or did not resign in good standing from state service.
2. The military service member's active duty is not for the Reserves or National Guard training.
3. The military service member is separated and not on active service at the time of application.
